Dear Mr. McPherson

"JAM FEST 30", the center piece of our celebrations of Jamaica's 30th anniversary of independence was a tremendous success.

This festival was the largest overseas celebration of Jamaica's independence anniversary and broke attendance records for festivals at Freedom Plaza.

The success of this effort is a reflection of, and tribute to the hard work and creativity of dedicated volunteers like you who worked night and day to ensure the festival's success. The sacrifices, I know, were many, the challenges numerous but that indomitable spirit and audacity which is a truly Jamaican characteristic manifested itself in all the committees' endeavors, and guaranteed the record-breaking accomplishments of "Jam Fest 30".

Please accept my personal thanks and sincere congratulations for a job well done - you made Jamaica and Jamaican's everywhere truly proud.

Yours sincerely,
