U.S.A

Dear

Mr. McPherson,

From all indications, " JAM FEST 30 " was a resounding success. To have planned and executed what is regarded as the " biggest and best organized " event to have taken place in Freedom Plaza is no mean feat.

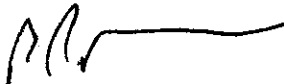

I am happy to know that Jamaicans abroad were given this special way of enjoying the Independence celebrations in their " home away from home ".

Please accept my thanks and congratulations to yourself, the members of your committee and to other Jamaicans for the wonderful image you have projected of Jamaica.

The positive reports carried by the media as well as informal reports of those who participated will no doubt be of tremendous benefit to Jamaica.

With best wishes.

Yours sincerely

P.J. Patterson
Prime Minister
